

ASAC 2019-2020

Carl Cox, ASAC President | Excel Environmental

It is time to renew your membership in the American Subcontractors Association Colorado (ASAC) July 2019—June 2020. We are excited as we look ahead to the coming year. The ASAC Board of Directors and leadership team are in constant motion working to develop resources and opportunities for members. We have momentum, here is what we have accomplished in 2018-2019, the big 5:

- *Colorado Safety Association Partnership
- *Academic and Vocational scholarships
- *ASAC passed SB19-138 legislation ensuring payment protections for members doing P3/public private partnership projects
- *Women of Construction Program
- *Law Summit

2019-2020 is underway with emerging partnerships, business management resources and always a priority, legislative advocacy.

Have a safe and prosperous summer.

What's NEW at ASAC

ASAC MEMBERS ONLY ASAC has a NEW copier, NEW partner and NEW member, Automated Business Products (ABP)! They saved ASAC \$\$\$\$ (substantial \$\$\$\$), offered increased value and customer service. Do you need a new copier, more than one copier?

For every member who engages ABP for a copier, ABP will donate \$500 to the ASAC Celebration of Life Scholarship Fund in your company name AND for every person you refer who engages ABP you receive one month of your lease amount credited toward your lease payment. You save, ASAC Scholarship Fund grows and it costs nothing! How is that for a win win!

Meet Hunt Cunningham, Jr.
Account Executive, ABP.

Contact him at
hcunningham@abpcopy.com or 303.407.3212.

Save \$\$\$\$ and build the ASAC Celebration of Life

Debra Scifo, ASAC Executive Director

Each year at ASAC dues renewal, I ask myself, "Is ASAC delivering the value greater than the member dues amount?" I make a list. The list is comprehensive and includes just about every consideration that members of ASAC would have in the management and operations of their business. The challenge is how to communicate to you, the ASAC Member, all that we have to offer.

This is the perfect time of year to review the benefits, services and products available to ASAC Members. ASAC is about making your business stronger, profitable and sustainable. If you don't see what you need ask me, a member of the leadership team, a member of the Board of Directors and we will get you the answer to your question, a solution to your challenge and resources to accomplish your objective..

ASAC/ASA provides an abundance of information and resources online, BUT there is real value and deliverables only received through attending ASAC events and programs. ASAC does it all: social media, printed information, website, webinars, conferences, conventions & workshops. Regardless of the approach, ASAC is your voice. ASAC effects public policy, industry best practices and is driven through partnerships at every level of our industry. We accomplish so much, do great things on your behalf through partnerships. Your partnership as a member of ASAC, is the bedrock and cornerstone of ASAC. Thank you for supporting ASAC as we work on your behalf and in your best interest!
