

## 2022 CCC Summary of Activities

The Colorado Contractors Coalition (CCC) builds trust through collaboration. CCC is the place where contractors, specialty contractors, associate professionals come together to work on industry issues and concerns. Founded in 2016, the CCC influences state and local policy makers to support the improvement and betterment of the contractor business community. The CCC is composed of the legislative committees for the American Subcontractor’s Association of Colorado (ASAC), Colorado Roofing Association, (CRA) and Rocky Mountain Steel Contractors Association (RMSCA) who meet once a month (and more often as needed). Major activities include the following.

1. Propose and obtain sponsors for bills.
2. Retain lobbyists to push legislation to support contractors’ initiatives.
3. Review reports and meet with lobbyists on proposed legislation and candidates.
4. Review proposed legislation.
5. Determine if CCC needs or should take a position.
6. Develop an action plan to support or oppose legislation.
7. Coordinate with ASAC, CRA, and RMSCA members to help members support or oppose legislation through the power of grassroots efforts to effect change.
8. Monitor elections and candidates.
9. Work proactively on positive changes in safety & environmental regulations, contract terms, and other issues.
10. Participate in a larger industry coalition, focused on payment reform and construction industry issues.
11. Provide financial contribution to state legislative candidates supported by CCC.
